■ Great

■ I really like how Maxime helped and explained everything all over again and take his time for our questions. I also find him very funny and that really helps for the stressful Health Economics concept that I sometimes have a hard time grasping.

I believe more Tutorials per week could really help to revise the materials. Hopefully, next term, there will be more tutorials like this. Thank you.

■ Maxim was very helpful and was happy to answer all questions we had. He even spent a lot of time on concepts that we weren't clear on and ensured that we understood it before moving on.
